

UNITS SIZES

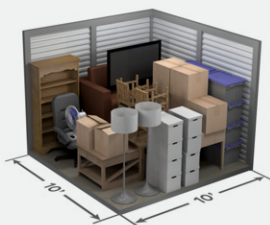

5x5

A 5'x5' space is ideal for storing small pieces of furniture, boxes, and miscellaneous small items. It is approximately the size of a coat closet.

5x10

A 5'x10' space is about the size of a walk-in closet and can contain, for example, a couch, chair, bedroom set, small items and boxes.

10x10

A 10' x 10' space is about the size of a small bedroom and will hold the furniture (excluding appliances) from a one-bedroom apartment.

10x15

A 10' x 15' space could hold the contents of a two bedroom apartment, or a small car, if the unit has a garage door.

10x20

A 10' x 20' unit is about the size of a standard one-car garage. It's big enough for a car or truck, furniture, appliances, and personal items from a two bedroom house.

10x30

A 10' x 30' unit could hold the contents of a three-bedroom house, or provide vehicle storage with plenty of storage space left over for the contents of one or two small bedrooms.

OUTDOOR PARKING

10x20

A 10' x 10' space is about the size of a small bedroom and will hold the furniture (excluding appliances) from a one-bedroom apartment.

10x25

A 10' x 10' space is about the size of a small bedroom and will hold the furniture (excluding appliances) from a one-bedroom apartment.

10x30

A 10' x 10' space is about the size of a small bedroom and will hold the furniture (excluding appliances) from a one-bedroom apartment.

COVERED PARKING

12x20

A 10' x 20' unit is about the size of a standard one-car garage. It's big enough for a car or truck, furniture, appliances, and personal items from a two bedroom house.

12x40

A 10' x 30' unit could hold the contents of a threebedroom house, or provide vehicle storage with plenty of storage space left over for the contents of one or two small bedrooms.
